Patient Point-of-Care

Calculate, validate, collect

The revolutionary medical payment solution offered by Priority MX Medical™ provides patients with modern and convenient ways to satisfy their financial responsibility at the point-of-care by offering a clear and understandable explanation of their out-of-pocket costs.

- Provides real-time estimation of patient payment responsibility
- Determines benefits, co-pay, co-insurance and remaining deductible amounts
- Facilitates collections by accepting credit, debit and ACH for co-pays and deductible plans
- Offers installments and recurring payment options for high deductible plans

Priority MX Medical™ can dramatically increase your practice's point-of-care revenue while reducing bad debt and collection expense by accurately calculating patient self-pay responsibility up front and offering flexible, simple-to-implement payment options.

Provider Adjudication Efficiency

*We care for Payments
so You can care for Patients*

Priority MX Medical™ increases Provider adjudication efficiency by reconciling Payor and Patient payments on one coordinated system, seamlessly integrating the practice management system, payment reconciliation and enterprise accounting. The result: a medical payment solution that lowers administrative costs and improves cash flows to the practice.

- Consolidates all Provider medical payment statements into one
- Automates posting of patient payments, simplifying reconciliation to your PMS/Accounting
- Supports multiple payment types to collect patient payment revenue
- Allows seamless, low-cost patient communication and payment options via email and text to accelerate self-pay collections
- Audit Payers by identifying procedure codes at the claim level that are not being paid at the contracted rate

With seamless integration of patient and provider responsibility, Priority MX Medical™ helps reduce payment cycle time and increase total receipts, all while reducing receivable management costs.

Convenient Patient Payment Technology

Taking the Pain out of Paying

Priority MX Medical™ improves receivable cycle time by offering Providers hassle-free self-pay options to match the method and timing of payments with the busy lives and preferences of their patients.

- Simple-to-use, recurring billing options for unique patient payment plans
- Patient payments can be made via mobile phone, text and web
- Automates reconciliation of outstanding receivables
- Integrates patient communication via email and text

Providing accuracy and simplicity for both patients and providers boosts confidence in “the business” of medical care, helping to accelerate patient payments and enhance provider revenue.
