

# What Could Your Business Achieve?

Most small businesses say they spend between 1/4 & 1/2 of their time on administrative tasks\*

If you are like most growing businesses keeping up-to-date with increasing payroll and payroll tax regulations is becoming increasingly difficult and time consuming.

With your success in mind, we are now offering a high-quality payroll service that helps with payroll, tax compliance with HR resources. Help increase your productivity, improve your regulatory compliance and help with employee management and documentation. The result is greater possibilities for your business.

### Help Simplify and Improve Your Payroll and HR Processes

- Flexible payment options: direct deposit, debit cards, or paper checks
- Know your payroll liability and cash required before it's finalized with the instant payroll preview feature
- Automated federal, state and local payroll tax management
- Convenient State Unemployment Insurance (SUI) - deposited and filed SUI taxes on your behalf
- New hire reporting for compliance with state reporting rules
- Cost effective and comprehensive options- payroll only or payroll with HR
