\$129.99 Monthly Lease Payment pays \$1,000.00 commission

Adjusting the lease payment by \$10.00 will impact your commissions by \$250.00 either way. For example, if you take the \$69.99 lease payment down to \$59.99, you will earn a commission of \$500.00 instead of \$750.00. Bad credit leases with a score of C-E will be paid at 50% of the normal commission.
